

Exhibition year 2024

With the conclusion of Automechanika Dubai, the dynamic and successful trade fair year of 2024 is drawing to a close. Alongside smaller and medium-sized training fairs, as well as automotive and motorbike exhibitions, the highlight of the year was Automechanika Frankfurt, which once again affirmed its status as the industry's premier event, fostering valuable exchanges of ideas. We would like to express our sincere gratitude to all the visitors, exhibitors, and organizers who contributed to making this trade fair year both impressive and successful. We eagerly anticipate the events of 2025 and look forward to welcoming you to our stands once again. Until then, we wish you and your families a wonderful and peaceful holiday season!
