

# Supersession of our 132118 / 2502118 to 132269 / 2502269

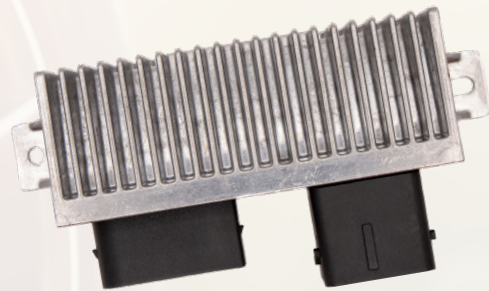

Due to a replacement of the OE, we are also carrying out a technical redesign of our 132118 / 2502118.

The new glow plug controller has the article number 132269 / 2502269 and is of course backwards compatible. It can also be used in all applications of its predecessor and in other additional new vehicles.

Both the mechanical installation and all electrical values are identical.

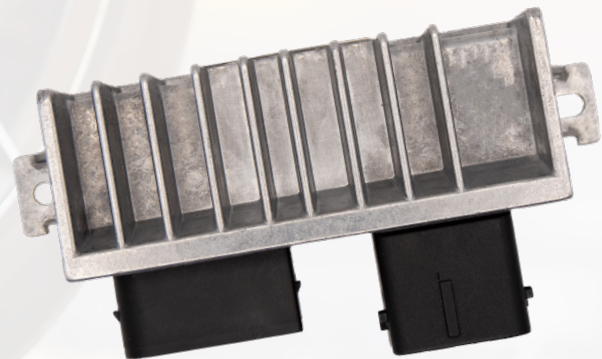

**Old Version**

132118 / 2502118

**New Version**

132269 / 2502269

HÜCO No. 132269 / HITACHI No. 2502269

**New!**
